

Contributions and Charges 2025

Voluntary Contributions: \$40 per child

The quality of our teaching and learning programs is enhanced through the payment of voluntary contributions which go toward supplementing the funding gained from other sources including the State and Commonwealth Government.

Payment is optional; however, we encourage all families to pay if they are able.

In 2025 these contributions go toward covering the costs of

- Text books and student workbooks.
- Student diary.
- Photocopy materials.
- Materials for art and crafts, design and technology, science activities.
- Cooking ingredients.
- Web based curriculum materials/resources.

Charges and Extra Cost Options

Charges and extra cost options are part of an educational program.

Extra cost options are specific activities, services or facilities that schools offer for students to use or take part in. Excursions, camps, performances by visiting artists, in-term swimming, and school social activities are examples. Families choose for their child to take part in these activities or to use the services or facilities. Alternative educational programs will be provided should families choose not to take part. The charge covers the cost of providing the service or running the activity and should be paid as these events take place.

Proposed activities that have been costed for 2024 are

Item	K	PP	1	2	3	4	5	6
	Max \$	Max \$	Max \$	Max \$	Max \$	Max \$	Max \$	Max \$
